

Washington State University College of Pharmacy and Pharmaceutical Sciences
Professional Year 3 Co-Curricular and CPD Requirements

To support the development of outstanding healthcare providers, all PY3 students will engage in and complete the following as part of their CPD and Co-Curricular activity requirements. Co-Curricular and CPD Requirements will be maintained and tracked within the rotation management system. Upon completion, students, will then review their CPD and Co-Curricular activities with their advisor. **Please see the Rubric at the end of this document that will be utilized for any area that requires a reflection.**

- Updated CV – document upload, preferably in PDF format

- Confidence Assessment –
 - At this point in time, reflect on your experiences thus far as a student pharmacist and assess your confidence on the [ACPE Standards](#) 1-4. Read each standard carefully to accurately assess yourself. Be prepared to discuss your responses with your advisor. **The assessment categories are: Not Confident At All, Somewhat Confident, Neutral, Confident, Extremely Confident.** Remember, this assessment is based on your own perception and how you feel you are performing in each area:
 - Standard 1 – Foundational Knowledge
 - 1. Develop, integrate, and apply knowledge from the foundational sciences to evaluate the scientific literature, explain drug action, solve therapeutic problems, and advance population health and patient centered care.
 - Standard 2 – Essentials for Practice and Care
 - 2.A. Patient centered-care – Provide patient centered care as the medication expert (collect and interpret evidence, prioritize, formulate assessments and recommendations, implement, monitor and adjust plans, and document activities).
 - 2.B. Medication Use Systems Management - Manage patient healthcare needs using human, financial, technological and physical resources to optimize the safety and efficacy of medication use systems.
 - 2.C. Health and Wellness – Design prevention, intervention and educational strategies for individuals and communities to manage chronic disease and improve health and wellness.
 - 2.D. Population-based Care – Describe how population-based care influences patient-centered care and the development of practice guidelines and evidence-based best practices
 - Standard 3 - Approach to Practice and Care
 - 3.A. Problem solving – Ability to identify problems; explore and prioritize potential strategies; and design, implement, and evaluate a viable solution.
 - 3.B. Education – Educate all audiences by determining the most effective and enduring ways to impart information and assess learning.
 - 3.C. Patient advocacy – Represent the patient’s best interests.
 - 3.D. Interprofessional collaboration – Actively participate and engage as a healthcare team member by demonstrating mutual respect, understanding, and values to meet patient care needs.
 - 3.E. Cultural sensitivity – Recognize social determinants of health to diminish disparities and inequities in access to quality care.
 - 3.F. Communication – Effectively communicate verbally and nonverbally when interacting with individuals, groups, and organizations.

an impact on others.

What can count as a Co-Curricular activity?

- It is not an expectation and/or a requirement for a course (Including IPPE rotations/expectations of those rotations).
 - It relates to the co-curricular area for which you are hoping to use the activity.
 - You are able to articulate how the activity enhances your development as a student pharmacist.
 - The activity has occurred during the didactic year for which you are hoping to use it for. For PY3, activities may start to count once the Spring semester of your PY2 academic year has officially ended (last day of the term has passed in April/May) and up to one week before your PY3 Advising Appointment in the Spring semester.
- **Information needed for each activity:**
- Date (s) - Please provide the date (s) in which the event occurred
 - Event Title – Please be specific. Example: Interviews vs. College of Pharmacy and Pharmaceutical Sciences PharmD Candidate Interviews
 - Provide a brief summary of what happened during this event

Please check the Advising & Co-Curricular Engagement web page for further event guidelines and information here:

<https://pharmacy.wsu.edu/doctor-of-pharmacy/current-student-resources/advising/>

- Co-Curricular Reflection – **You will answer a total of six reflection questions - two per required Co-Curricular area:**
- Public Health:
 - Why did you choose this activity and how has it informed your practice as a student pharmacist? (100-250 words)
 - What did you learn from this experience and how will you apply what you have learned moving forward? (100-250 words)
 - Professional Development:
 - Why did you choose this activity and how has it informed your practice as a student pharmacist? (100-250 words)
 - What did you learn from this experience and how will you apply what you have learned moving forward? (100-250 words)
 - Leadership and Innovation:
 - Describe a time during this activity where you took initiative to collaborate with others to implement a solution to a problem/unmet need. (100-250 words)
 - How would you approach this experience differently in the future? (100-250 words)

Rubric to Evaluate Reflection

	Proficient	Satisfactory	Incomplete
Effort	<p>Student consistently makes meaningful high quality connections between personal or professional development and specific experiences that have contributed to their development. Time was spent on genuine self reflection/critical thought.</p> <p>A paragraph or more is provided and has enough detail to demonstrate that the student pharmacist has thoughtfully responded to each component of the prompt.</p> <p>There are none or only a few grammatical errors.</p>	<p>Student usually makes meaningful quality connections between personal or professional development and specific experiences that have contributed to their development. Only a couple of sentences are provided in each response and/or one part of prompt is missing.</p> <p>There could be more detail to demonstrate that the student pharmacist has responded thoughtfully to each component of the prompt.</p> <p>There are only a few grammatical errors.</p>	<p>Student work is superficial in nature and generic. Work is absent, incomplete, and/or effort is well below professional expectations. There are so many grammatical errors that it causes the meaning of the prompt to be misunderstood. There is more than one part of the prompt missing.</p> <p>There's not enough detail provided to understand what the student pharmacist thinks about the prompt. Student will be asked to make corrections/adjustments until Satisfactory is reached.</p>
