

General Information:

The Academic Fellowship is a mentored, post-graduate training program that prepares fellows for a career in pharmacy education delivery and the scholarship of teaching and learning (SoTL). This is a one-year fellowship experience located on the WSU Health Sciences campus in Spokane, WA. There may be an option to renew for a second year of fellowship based on interest, performance, and available funding. Each fellow will be assigned a primary mentor and will select their mentoring team. Working with the team, fellows will establish an individualized plan that aligns with their career, teaching, and research goals. At the completion of this fellowship, the participant will be well-positioned to assume a clinical-track faculty member's role in a Doctor of Pharmacy program.

Each fellow will be immersed in the following academic responsibilities:

Teaching: Fellows deliver selected coursework (required, elective, and/or laboratory-based) in the College's Doctor of Pharmacy curriculum.

- Developing assessments – formative and summative
- Developing and facilitating labs, lessons, and in-class activities
- Facilitating and evaluating patient care simulations
- Assist with precepting in IPPE, APPE, and co-curricular activities

Scholarship: Fellows pursue an independent project related to the scholarship of teaching and learning and may represent the College at selected professional meetings. Fellows are encouraged to present their project as a poster and/or oral presentation and submit a manuscript to a peer-reviewed journal prior to the end of the fellowship. Submission of grant proposals will also be encouraged.

Service: Fellows gain experience in the service and governance roles of a faculty member through involvement on committees, precepting student activities, and mentorship engagement.

Professional Development: Fellows engage in mentoring activities (education-based journal clubs, attending department meetings, and regular fellows' meetings) outside of the instructional setting.

Stipend and benefits: Fellows receive a competitive stipend and benefits package.

Applicant Requirements:

The fellow shall be a graduate of a college of pharmacy accredited by the American Council of Pharmaceutical Education (ACPE) and shall be licensed or eligible for licensure in the State of Washington and successfully complete a background check. A Doctor of Pharmacy degree is required. The fellow will complete licensure requirements no later than September 1, 2023. The applicant shall meet all the requirements for employment at Washington State University and meet the Department of Pharmacotherapy's professional requirements. In addition, the fellow must possess excellent verbal and written communication skills, professionalism, and leadership. The appointment start date will be July 1, 2023, but it may be negotiable depending upon availability.

Please send a letter of intent, current CV, and three letters of recommendation to Abby Parsons at abby.parsons@wsu.edu. Applications will be reviewed beginning February 28, 2023. The position will remain open until filled. Fellowship candidates will be invited for a virtual interview. Please e-mail or call 509-368-6677 with any questions.

WASHINGTON STATE UNIVERSITY IS AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EDUCATOR AND EMPLOYER.

Members of ethnic minorities, women, special disabled veterans, veterans of the Vietnam-era, recently separated veterans, and other protected veteran, persons of disability and/or persons age 40 and over are encouraged to apply.
